

July

- 6 Simulation for Beginners
Flow Simulation for Beginners
- 13 CNC inside SolidWorks
Light and Vision Simulation
- 20 Demystifying Appearances
PhotoView 360 for Beginners
- 27 Intro to Mechanical Routing
Intro to Electrical Routing

August

- 3 Simulating Sheet Metal
Simulate Moving Mechanisms
- 10 Basic File management
Hardware Selection
- 17 Best Practice...Sketching
Best Practice...Part Modelling
- 24 The Best of What's New Part 1
The Best of What's New Part 2
- 31 Plastic Injection Simulation
Flattening complex 3D shapes

September

- 7 Best Practice...Sheet Metal
Best Practice...Weldments
- 14 Simulation Professional Overview
Frequency & Buckling Analysis
- 21 Intro to WorkgroupPDM
WorkgroupPDM Xpress
- 28 Animations & Walkthroughs
SolidWorks & Furniture Design

October

- 5 Product Communication
Reverse Engineering
- 12 Hydraulic/Pneumatic Flow Analysis
Cooling Electronic Products
- 19 Best Practice...Drawings
Complex Shapes & Surfacing
- 26 Configurations & Design Tables
SolidWorks Toolbox

Webcast 2011

wednesday

November

- 2 Intro to EnterprisePDM
EnterprisePDM Xpress
- 9 Virtual Testing - Rubbers & Plastics
Vibration Simulation - Case Study
- 16 Tolerance Analysis
Electrical/Mechanical Collaboration
- 23 Mold Tool Design
Certify your SolidWorks Skills
- 30 Best Practice - Simulation Meshing
Advanced PhotoView 360

December

- 7 What's New in SW2012 Part 1
What's New in SW2012 Part 2
- 14 Sustainable Design
Product Communication
- 21 Design Checker & Utilities
Forgotten Tools & Hidden Gems

11am Webcast
3pm Webcast
