

SOLIDWORKS SUBSCRIPTION SERVICE BENEFITS

WHY JOIN THE SUBSCRIPTION SERVICE PROGRAM?

To enhance your current and future opportunities, it's paramount to maintain an up-to-date design and development environment that helps keep you competitive and improve your operational efficiency. The SOLIDWORKS® Subscription Service Program offers a smart, flexible way to protect your investment in the SOLIDWORKS 3D design experience.

Stay ahead of the competition

Support, upgrades, new versions, special releases, add-on features, webcasts—all designed exclusively for SOLIDWORKS Subscription Service members—help improve your performance and productivity with an intuitive 3D design experience for a competitive advantage. With a subscription, you'll have access to these valuable support resources for any of the following products:

- SOLIDWORKS 3D CAD
- SOLIDWORKS Simulation
- SOLIDWORKS Enterprise PDM
- SOLIDWORKS Plastics

- SOLIDWORKS Electrical
- SOLIDWORKS Composer
- SOLIDWORKS Inspection
- Any add-on SOLIDWORKS product you have purchased

Extended software life

SOLIDWORKS addresses any critical issue you experience while using the software, whether you're on the current version or the prior release. Full extended support runs 12 months from the release of the current version, so if you have a valid subscription contract, SOLIDWORKS and your reseller will support both the current and the prior release.

"It's important to be on the latest version of SOLIDWORKS because our customers and vendors are. Subscription Service ensures that we remain consistent with customers and partners."

— Adrian Velazquez, CAD Development Manager, CP Manufacturing, Inc.

STAY PRODUCTIVE

With Subscription Service, you have access to extensive support from your local reseller and SOLIDWORKS experts to enhance your investment in SOLIDWORKS software and guide you through development challenges.

STAY KNOWLEDGEABLE

You get full access to the SOLIDWORKS Knowledge Base, an expansive, easily searchable web-based library of technical articles, help topics, tech tips, best practices, solutions, and macros, all written, reviewed, and frequently updated by SOLIDWORKS experts. A few minutes of self-directed learning can help improve your productivity.

STAY CURRENT

Subscription Service members get free access to testing and certification for Certified SOLIDWORKS Associate (CSWA) and Certified SOLIDWORKS Professional (CSWP) credentials. Subscribers can take one advanced certification exam per subscription year. These certifications validate that the SOLIDWORKS user has expertise in the world's most widely adopted 3D CAD software. Subscription members can access a free management report showing exam performance, skill areas for improvement, and recommendations to help achieve productivity gains with SOLIDWORKS software.

KEY COMPONENTS

In addition to online and local tech support, new releases and software upgrades, your SOLIDWORKS Subscription Services also entitles you to:

MySOLIDWORKS and SOLIDWORKS Customer Portal

Go to My.SolidWorks.com, your place for all things SOLIDWORKS. Get answers, stay current, sharpen your design skills, and share your expertise, all from the convenience of your mobile device or desktop. Talk to your reseller today about the added features and value in MySolidWorks Standard and Professional—available for Subscription Services users only.

The SOLIDWORKS Customer Portal is your online destination from purchase through installation and upgrade, bringing you the full range of SOLIDWORKS Subscription Service resources, including support, upgrades, service packs, enhancement requests, license information, forums, archived webcasts, partner discounts, e-learning, and more.

Special privileges

Influence future SOLIDWORKS software by requesting specific enhancements. Subscription Service members initiate more than 90 percent of the hundreds of enhancements in every SOLIDWORKS version. You can also preview SOLIDWORKS beta software and SOLIDWORKS Early Visibility (EV) Service Packs, making you one of the first to capitalize on the most current capabilities in CAD.

ACCEPT ONLY THE BEST

SOLIDWORKS employs a worldwide Value-Added Reseller (VAR) network staffed by engineers at almost 400 resellers across 71 countries delivering high levels of service across all products. SOLIDWORKS-certified VARs must document their financial viability, show industry and technical expertise, and maintain a strong focus on customer service to earn and retain their certification. Only a SOLIDWORKS VAR can provide training and support that meets the rigorous standards of SOLIDWORKS excellence.

The SOLIDWORKS Subscription Service Program is offered through your local SOLIDWORKS VAR.
